Subject: Information for Academic Calendar and the Implementation of ICT Program 2021 at Christ College Irinjalakuda, India

Dear Dr Vargheese K J,

We would like to inform you that the Directorate of Learning and Student Affairs of Indonesia Higher Education has announced that our institution will get grant for our students to study online at Christ College Irinjalakuda India. To follow up the program, we need some information from Christ College about the following:

1. The academic calendar informing when the courses will start at Functional English Language Department).
2. The courses schedule so that the students can also follow the other courses that they have to take in our institution.
3. The Learning management system (LMS) that is used in your institution and the video conference platform that will be used for online learning.
4. The syllabus or the curriculum of the subjects that our students will take in your institution as stated in the learning agreement letter.
5. The dates for the start of the course, the Midterm exam, Final term exam, the issue of the academic transcript, and any certificate that may be issued by your institution.
6. Any information about pre training/campus orientation for the students before they officially start the study and the regulation that the students should know and follow so that they can study in your institution smoothly.
7. Any other programs that the students should follow such as extra-curricular activities or any other activities in your institution.
8. The account number of Christ College so that we can transfer the tuition fees of our students after our government transfer the grant to our institution.

With this letter, we also attach the students' names, their departments, the subjects they will take in Christ College at Department of Functional English

Subject: Information for International Credit Transfer

To the Head of the Office of International Affairs

At Christ College Irinjalakuda, India

Dear Sir/Madam,

I am Christina Panggabean, Head of the Office of International Affairs of Universitas PGRI Ronggolawe Tuban, Indonesia. We would like to inform you that our government has a program called "International Credit Transfer" to facilitate the students to study online at overseas university so that they can earn credits of the courses they take from overseas university to be transferred to home university. Through the program the students can enrich and add their competence by pursuing own interests and gaining knowledge and skills from overseas university to equip them with their future workplace and prepare them with global competition. The government will give some grants to the students to study for one semester at overseas university if our proposal for the program is accepted by the government.

Our university is interested in joining the program. To join the program we should have an MoU with an overseas university. Since our institution has already had a MoU with Christ College Irinjalakuda India, we are planning to enroll some of our undergraduate students to Christ College Irinjalakuda India to study online for one semester for some subjects around 6 to 10 credits.

Here are the following schedules that the government has arranged for the program:

1. Receiving proposals from Indonesian universities registering to International Credit transfer (the latest 31 May 2021). In the proposal we have to include MoU/MoA, Letter of Acceptance from host university, Learning Agreement signed by our university and partner/host university
2. Selecting proposal (31 May-30 June 2021)
3. Announcing the institutions that receive grant from the government (30 June 2021)
4. Supervising the institutions who get the grant and the signing of program contract (1-31 July 2021)
5. The implementation of the program at overseas university, in which the classes are held online (September- December 2021)
6. The report of the program by Indonesian universities that have the grants (December 2021)

For the purpose above, we would really need the followings from your institution as the partner/host university:

1. Some information regarding the list of the subjects (courses) and the credits for each course that our students can take for the coming Odd Semester 2021 from Department of English & History, Department of English Literature, and Department of Functional English, Department of Environmental Science, Department of Zoology, and Department of Economics at Christ College Irinjalakuda India.
2. The entry requirements for the students to study at your institution including the tuition fee and other expenses to study online for one semester in your institution.

3. Letter of Acceptance/LoA for our students who will enroll at your institution
4. Learning Agreement (a letter that states the names of the subjects (6 until 10 credits) that our students will take in your institution and the name of the subjects from our institution that are considered similar so that later the academic transcription of the courses that our students take from your institution will be transferred to the academic transcription of related subjects in our institution) signed by Universitas PGRI Ronggolawe Tuban and Christ College Irinjalakuda India.
5. After the program, we also need the academic transcripts, issued by partner/host University, stating the courses, the number of credits, and the grades the students get.

With this letter, we also attach information of our students' names, the departments, and the semester they are sitting at present in our institution, and the courses for next odd semester 2021.

We are looking forward to the information we need so that we can follow up our cooperation between Christ College Irinjalakuda India and Universitas PGRI Ronggolawe Tuban.

Thank you very much.

Best Regards,

Dear Dr.Linto

Hope this email finds you in good health and spirit.

It is my great pleasure and an honor to extend you a warm invitation to attend the **"Earth and Environmental Sciences International Webinar Conference on 1st & 2nd of February 2021.**

This is a virtual meeting with the participants from South Africa and around the world to come together including researchers, scientists, professors, industrial and mining representatives and students providing them with the opportunity to discover advances, experiences innovative ideas in the field. We also believe that it is a unique forum for establishing new collaborations within present or upcoming research projects. The conference includes Keynote lectures by eminent personalities from around the world who are the leading expertise in the field of earth and environmental science. Themes of the diverse earth science topics that will be covered in this comprehensive conference include Climate changes, Water resources, remote sensing, Geo Hazards etc., All presentations will be "live" - with questions and answers for discussion, just as is done when EESIWC is in-person.

Registration is completely free and participation certificate will be issued by the end of the conference.

Register by January 25 to secure your seat. To book your seat please fill in the registration form that can be found at the conference website and in this email. If you have any issues in registration, please email to the conference chair. You can also call any of the numbers that appear in the website.

We are confident that we will provide the same excellent opportunities to gain knowledge in the field of Earth and Environmental sciences platform and very much hope that you will be able to accept this invitation to attend this conference.

I look forward to "meeting" you at EESIWC 2021.

For more details, please visit our website <https://www.eesiwc.com/speaker/>

Please circulate among your colleagues and research students in your department.

Sincerely Yours

Prof.V.Elumalai

Dear Geoscientist,

Greetings from Christ College Autonomous, Kerala.

Thank you for your interest in participating in the International Geoscience Colloquium 2020, scheduled to conduct during 10-13th, 27th November and 1-2nd December 2020.

On behalf of the organising committee of Geoscience Colloquium-2020, (Department of Geology and Environmental Science, Christ College Autonomous, Irinjalakuda, Kerala, India; University of Kerala, India; University of Exeter, UK and University of Zululand, South Africa, we welcome you to be part of this event.

The inaugural session is planned at 2:45 pm of Indian Time (9:15 am of UK time), this will be followed by the first session of the colloquium on **New Proxies of Climate Change of the Past and the Present**. Since the overwhelming response from participants, the organizing committee has suggested to live stream the program through YouTube live, along with ZOOM. We may be sharing you with the link of either zoom or YouTube live to attend the program. **Session wise attendance is mandatory to get a certificate of participation in the program.**

In order to assure the effective communication with participants in monitoring any network connectivity issues, which may arise during the program, and also for the daily program details, we have created a **Telegram group for the program**. We request you to kindly follow the link given below to join the group. **Subsequent communications may be made through telegram groups.**

In case if you have any trouble in joining the telegram group, please inform us, so that we may create a separate mailing list to communicate with you.

All further instructions will be shared in this group.

Download Telegram Application - <https://telegram.org/>

Link for joining Telegram group - <https://t.me/joinchat/Uy03gBICpKGFzuzzWRSIQ>

If you need any assistance, please do not hesitate to reach out to either me or any organising committee.

Dr. Angela Gallego-Sala: A.Gallego-Sala@exeter.ac.uk

Dr. Linto Alappat: alappatlinto@christcollegeijk.edu.in

Dr. Sajin Kumar: sajunks@keralauniversity.ac.in

Dr. Saju Menacherry: smenacherry@gmail.com

Looking forward to seeing you soon.

Best regards,

Organizing Committee, Geoscience Colloquium 2020

Dear Linto,

attached is the overdue letter for transporting samples from India to Germany. Hope that will do! We will work on Shyma's samples with priority as soon as they arrive.

All the best

Manfred

Dear Prof. Manfred,

Thank you for your mail and I am sorry for a delayed reply. I was away from the office in connection with the ongoing valuation camp at University. We have packed the samples and ready to be sent to Germany. Meanwhile, Shyma tested positive with Covid along with her husband and child. It may take another week for her to recover. Here now its made mandatory to stay in quarantine for two weeks once tested positive. She is completed two years after registering for her Ph.D. now and it would be helpful if you could give priority for her samples as mentioned. Thank you for your time and support. Hope everything is going fine at your end.

Kind regards, Linto

Dear Linto,

great! We will start preparation as soon as we receive the samples and as long as Covid-19 allows us to work. My family including my mother is still Corona-free but the Geozentrum is affected a bit more by Covid-19 now (7 positive cases within the last week). Well, we will overcome, and S3 is completely vaccinated!!! Please, let me know when Ms Shyma recovered and the samples are on the way to Hannover.

All the best

Manfred

Dear Prof. Manfred,

Thank you for your prompt response and I am glad to hear that your family is keeping safe from Covid. Our prayers are there to keep them protected. It's sad to hear that the cases at LIAG is going up. It's also the same here, the number of cases daily going about 20000 during the last couple of days in Kerala. I hope to get my third vaccine soon.

I will keep you updated regarding the samples. I know, it may be little too much to ask, but wanted to ask if you could collaborate for an additional project that I am involved in Richards Bay at South Africa. It's the largest natural harbour in Africa and we have many beach ridges/ dunes there. The aim of the project would be to understand the palaeogeography, influence of quaternary sea level in shaping the landform. It also involves the identification of severe coastal erosion that's going on in the area now and the role of anthropogenic forcing.

Please let me know if you could join for the field there in South Africa and or do the OSL studies at LIAG. It's in the initial stage of discussion and if it's alright from your side, I propose this plan.

Best regards, Linto

Yes, interested (please always keep in mind my retirement 31/12/2024)! But we may have to wait a bit because of the Corona situation!? South Africa was or is very affected at present, wasn't it? By the way, there is an interesting ICAR conference in Namibia in June this year!?

Dear Prof Manfred,

Thank you for your prompt response and I am happy that you will be able to join for the study. I will certainly closely look the Covid situation there and keep you updated. We may plan the field studies accordingly. We still have another two years to go for your retirement and I hope you may consider to extend it further if it's allowed. Looking forward to work with you in the field again if everything goes well. I will keep you updated about the project.

Kind regards, Linto

Telephone: +49 (0) 511-643-0
Fax: +49 (0) 511-643-3665
www.leibniz-liag.de

This is to state that the materials being transported by Dr. Linto Alappat are sand samples from Thrissur, Kerala in metal tubes collected in connection with a collaborative research project between LIAG and Christ College, Kerala, India. The samples sent by him have no economic value and used purely for research purpose. The samples contained in the metal tubes are light sensitive and should not be exposed to light under non- laboratory conditions. I request you to kindly do the needful.

Dear Bijoy Sir,

PFA is the student list registered for Salesforce's program from Christ college Autonomous.

Some of the students were entered the wrong Trailhead URL and it is highlighted in yellow.

Correct Trailhead / Profile URLs are mandatory to track the students' performance and get future support from salesforce.

So please connect with the students and update the excel sheet with the correct URK and send back the same by 8th Aug '21.

Thank you for your support.

Dear Ma'am,

Thank you for the opportunity to upskill your students in ML/AI domain.

We found it is an enthusiastic group and most of them are active in our live sessions.

Believe we have done the delivery as per your expectation.

It is time to move to their certificate distribution.

The course completion certificate is now available in Paathshala. The students can now download it after completing the below activities.

1. Competition submission
2. Training Feedback

Once again thank you for all your support.

Note: will share the payment invoice by 20th Dec.

Subject: Welcome Mail - Employability and Remote workforce Training program

Dear Student

Greetings from ICT Academy of Kerala!

Thank you for your nomination for the Employability and Remote workforce Training program jointly organized by ICT Academy of Kerala (ICTAK) and Kerala Knowledge-Economy Mission (KKEM).

This free program is a part of Kerala Knowledge Mission aims to transform the state into a knowledge economy and the mission will promote innovative ideas, coordinate knowledge initiatives, and equip young people with updated skills.

During this virtual training, you will be introduced to new-age employability skills and enhance your skills in the GIG ecosystem.

The heart of the initiative is a comprehensive digital platform for final year students in Kerala which helps them upskill, enhance knowledge and empower them to face the challenges of the ever-changing job market.

We also help and guidelines to the students to register with www.knowledgmission.kerala.gov.in which will act as the digital workforce management system to support the participant's placement.

Important details

Ø Start date: 27th Dec 2021.

Ø End Date: 23rd Jan 2022.

Certification

All the students who successfully complete the program are eligible for the certificate

No fee for the certificate.

Mode of delivery

Hybrid mode – Live sessions and Self-learning through our LMS.

Weekdays – The students are provided with self-learning videos, content, and reference materials on weekdays. Students have the freedom to do it at their convenience pace and time in that week.

Weekend: 2 hrs. Live expert sessions will be provided for the students on Saturdays and Sundays. The topics you learned in that week will be discussed by the experts.

please click here for the detailed schedule: <https://bit.ly/3JgoRun>

The first live session of the program has been scheduled for Monday, 27th Dec 2021, between 5.00 pm to 6.00 pm.

Live session link (Join Zoom Meeting)

Subject: Welcome to Artificial intelligence and Machine Learning program

Dear Participant,

Greetings from ICT Academy of Kerala!

Thank you for enrolling in ICT Academy of Kerala's virtual workshop on Artificial intelligence and Machine Learning. This program is jointly organized by Christ College (Autonomous), Irinjalakuda

Dr. Jolly Andrews
Assistant Professor
In-charge of the program
Christ College (Autonomous)
Irinjalakuda

Upon completion of the program, you will be able to familiarize yourself with basic principles of Machine Learning and Artificial Intelligence, investigate applications of ML and AI artificial neural networks and other machine learning models, and experience various ML and AI tools/frameworks such as Scikit Learn, Keras, Colab, and TensorFlow.

Hardware & Software Requirements

- RAM 2 GB / 4GB
- Processor i3 or i5
- Operating System:64-bit version of Windows 8 or above, Ubuntu 14.04 or above
- Internet connectivity:10 Mbps or above
- Needed software's details will be provided at the time of training.

Given below are the step-by-step instructions to access our LMS (Paatshala):

Step 1: Click or Copy and paste the URL <http://retail.ictkerala.org> into a browser.

Step 2: Log in to Paatshala using the login credentials

Username: Your email id

Password (3 Parts):

1. "First four letters of your email" (The first letter should be Capital)
2. #
3. "Last 3 numbers of the Mobile Number Provided"

Example: If your registered email is johnson1234@xmail.com and your mobile number is **9933445500** your password will be **John#500**

Step 3: Select the course **Pre-training Module** under **Course Overview** from **Dashboard**

Day-wise agenda is available at LMS and learning contents will be open as per schedule.

Please [click here](#) for the detailed program agenda with live session dates.

Kindly go through the pre-learning materials in paatshala. Requesting you to complete the pre-learning on or before the first live session.

Your first Live session has been scheduled for 22nd November from 6.30 pm – 8.00 pm. you can join the session using the following session link.

Live session link: <http://meet.google.com/jds-djfr-xid>

If you need any clarification or in case of any doubt, post your queries in the discussion forum available in your Paatshala course.

Happy Learning.

Best Regards,

ICT Academy of Kerala,

Techno Park Campus, Trivandrum.

Red Hat Academy

Dear Vijji,

Welcome to Red Hat Academy! Congratulations on being accepted as one of our partners. We are excited to have you in our elite group of affiliated high schools, colleges and universities.

To get started, please follow these instructions:

1. Login to the [Red Hat Academy Learning Portal](#) using your RHN ID: cs@christ
2. Navigate to the Manage Academy Instructors page.
3. Update your contact information.
4. Start adding instructors who will be teaching at your university.

After accessing our portal, review the following materials, under the [Get Support](#) section:

- Portal features
- Steps to set up new faculty or student user
- How to set up labs
- Welcome to the program

If you have any questions, please reach out to a member of our team at APAC-RHA-BDM@redhat.com. We cannot wait for you and your students to start your learning journey with Red Hat!

Thank you,

Red Hat Academy team

Bcc: cssfdept@christcollegeijk.edu.in

Dear RHA Partner, Greetings. We sincerely appreciate your efforts and thank you for your time and support to the Red Hat Academy program. We got a great response from you and your team last year because most of you taught the RHA course/s to your students. We request you to take the momentum forward in this quarter (Jan-Feb-Mar) and year (2022) and train and certify as many students as possible in the RHA courses / skills which are highly demanded in the market (ie. **Linux, Ansible, Middleware, Cloud and DevOps**).

With the help of **FREE online course content on RHALP**, we would like you to launch a batch and teach **at least 10 students in Jan-Feb-Mar 2022**. It's great if you have already planned for it and or doing it. If not, kindly plan for the same and help to take the RHA program / course training momentum forward in your institution. We are also glad to inform you that the **No-cost cloud labs** for RHA students are available for ALL 7 RHA courses on RHALP till **30 June 2022**. Pls take full benefit out of it and train and certify as many RHA students as possible.

A class creation on RHALP (with min 5 students) - The Admin has the privilege to add the Instructor. Instructor has the privilege to create classes and add students.

Please log in to <https://rha.ole.redhat.com/rha/app/login/ssl> using your Instructor RHNID. If your Admin and Instructor RHNID are the same, change the role to the instructor.

*Please clear cache, cookies or try accessing RHALP using a private browsing window (incognito mode)
Click on Manage classes. Only after classes are created, you will see them listed under Manage Classes*

Select course - Select a course

Select date range - Select start and end date (Keep min 3-4 weeks duration except for DO101 course which is for 1-2 days)

Provide the Student / User details who will be attending the class - Pls add the students with the help of their Red Hat login / RHN ids

Radio check "Class type is Instructor-Led Training" - This will enable the Create class.

* Pls ensure that the students access min **25% course content**. Instructors **should not create multiple classes** (due to the new course version launch etc etc) with the same set of students. There should be a proper hand holding / knowledge transfer done, once any instructor leaves the institution. We will keep sharing such do's and don'ts in future so that we all are on the same page and follow the RHA process, quality and compliance. On the RHA learning platform, if you are facing any issues due to some technical glitch, pls write to tecsupport-rha@redhat.com (along with your contacts, issue details, screenshots etc) with a copy to me for resolution. Thanks.

MONTHLY QUIZ FOR STUDENTS

Pradeep Chandrasekaran Finmark Trainers <pc@finmark.co.in>

Wed, Oct 9, 2019 at 6:52 AM

To: Rohan <rohan@finmark.co.in>

Bcc: tomjacob9753@gmail.com

Good Morning All

In our interaction with students, one of the issues we have noticed is that they seldom keep themselves abreast of current affairs. Many of you are aware of the various initiatives we have taken to get the students to start reading newspapers. As part of that exercise, we are starting a monthly quiz which you can administer to your students. The monthly quiz will cover sports / weather / politics / economics / finance / science. The quiz for this month is attached herewith. I will share the solution with you tomorrow. We recommend that you keep a record of the marks for oct / nov / dec and award a prize for the students who score the highest average marks over the three months.

Warm Regards

MODULE OF THE FINANCE MARKET PROFESSIONAL PROGRAM

Pradeep Chandrasekaran Finmark Trainers <pc@finmark.co.in>
To: Tom Jacob <tomjacob9753@gmail.com>

Thu, Mar 17, 2022 at 4:03 PM

Dear Tom

Sharing with you the detailed syllabus of the FMP program.

FUNDAMENTALS OF THE CAPITAL MARKET

The introduction of newer and newer financial products, the changing landscape of the Financial Services Sector, falling interest rates and increase in financial crime have all made it imperative to become financially literate. In this module, you will be introduced to the Banking and Financial Services Sector and the rapid changes which are being witnessed. You will learn about different financial products, the concept of Risk and Reward and importantly, the need for Regulation. You will learn in depth about the role of the Capital Market, the Primary and the Secondary Markets and the IPO Process.

1. The Financial Landscape
2. Savings and Investments
4. Different Asset Classes
5. Regulators
6. Capital Markets
7. The IPO Process
8. Introduction to Mutual Funds
9. Introduction to Derivatives
10. The Debt Market and the role of Credit Rating

FINANCIAL PLANNING

Financial Planning plays a significant role in helping individuals to get the most out of their money. In this module, you will get an introduction to the principles of financial planning. It will also provide an overview of the financial planning process, the key pieces of terminology relating to the process and the regulatory framework which governs it.

1. Introduction and Background
2. Related Activities
3. The Financial Plan
4. Cashflow Planning and Modelling
5. Behavioral Finance and Financial Planning
6. Risk
7. The Regulatory Framework
8. The Future Landscape

CRYPTOCURRENCIES

Cryptocurrencies exist as both an intangible and in some cases, as an unbacked source of wealth and a minable finite asset. The full potential and the risks are still not fully understood or known. In this module, you will learn what is a cryptocurrency, how and whether they can be regulated, the way they are traded and what role they might play in the future.

1. Bitcoins
2. Altcoins
3. Central Bank Digital Currency
4. Trading Cryptocurrency
5. The Impact of Cryptocurrency

Dear Sri.George

I refer to the meeting which my colleague Jithesh had with you earlier this week and thank you for the courtesies extended to him. As Jithesh would have explained to you, our company Finmark Trainers partners the National Stock Exchange and is involved in running financial market related training programs. Since 2004, we have conducted well over 2000 training programs across India and the UAE.

We are keen to partner your college in bringing some of these programs for the benefit of your students. They programs will:

1. Make the students financially literate
2. Supplement what the students are already learning for the their Degree and Post Graduate Degree programs
3. Teach them how to take care of their money
4. Improve their prospects for getting a suitable placement after their course is over

For your benefit, I am attaching a document which contains a brief background of Finmark and the various programs which we do. I will have Jithesh talk to you next week to get your inputs on how we can take this forward. In the meanwhile, should you have any further questions to ask, please feel free to call me or drop me an email.

CAPITAL MARKET TRAINING PROGRAM

Pradeep Chandrasekaran Finmark Trainers <pc@finmark.co.in>
To: Tom Jacob <tomjacob9753@gmail.com>

Thu, Nov 14, 2019 at 8:11 AM

Dear All

The capital market training program will be in room no. 212 and timings are from 9 AM to 4.30 PM. We have tried calling all of you - but in a few cases, we have not been able to reach you. Can I request all of you to inform you friends so that even those who did not register initially can join in if they are interested.

I am also happy to share with you that a senior official from the Mumbai office of the Chartered Institute of Securities and Investments, London will also come to interact with all of you in the morning tomorrow.

Sub: Permission to do block field work for social work students, request reg,;

Sir/Madam

Warm regards from Department of Social Work, Christ College (Autonomous) ,Irinjalakuda,Kerala

Christ College (Autonomous), Irinjalakuda is one of the most reputed colleges in Kerala and known for its excellent record in academics and curricular activities. Our college offers both Bachelor's and Master's Degree Programmes in Social Work.

As part of the Social Work Curriculum, the 2nd Semester MSW students are to complete their field work in any social welfare agency. In this regard, we would like to place our students **Mr. Anamika Chandran P and Ms. Rosme Paul** as part of their field work in your esteemed institution. This would help them gain exposure and learn more about practice oriented social work .

The social work trainees are required to complete a **minimum of 20 days of Block field work** during this period.

We are expecting to start the fieldwork from **7th May 2022** .

We look forward to your favourable reply and intimation about any further requirements needed.

Thanking you,

Regards,

Rosemary T George,
Head of the Department.

Dear Ma'am,

Greetings from KESS!

We are greatly obliged to the Department of Social Work, Christ College (Autonomous), Irinjalakuda, for collaborating with KESS on the occasion of International Day to Eliminate Violence towards Women, in supporting us to organize the webinar on the theme: *Women & law- Combating the Shadow Pandemic* on the 9th of December 2020.

The department has been greatly supportive in every step of this program, from helping in the technical aspects to ensuring the support of maximum participants, we appreciate the minute aspects which were so carefully noted and explained to us at every step of the process.

Thank you so much for your wholehearted cooperation and coordination all along. It was an extremely delightful experience to have collaborated with you. We hope to continue this beautiful association in the future as well.

Thanking You.

Sincerely,

Fr. Thomas Vazhakkala CMI
