SUMMER ISSUE

MESSAGE FROM THE MANAGER- REV. FR. JOY P.T CMI

With heartfelt gratitude, we share two joyful milestones. Our college has received a ₹9.5 crore grant under the Khelo India scheme—a proud moment that marks a new chapter in our sports journey. We've also been honoured, again, with the State Biodiversity Award for having the most biodiverse campus in Kerala. These recognitions are a testament to our shared efforts and God's abundant grace. Let us continue to grow, together in faith and purpose.

MESSAGE FROM THE PRINCIPAL- REV. DR. JOLLY ANDREWS CMI

Christ College continues to shine as one of Kerala's leading institutions with the highest student strength. We proudly emerged as D-Zone Arts Festival Champions and secured the University of Calicut Sports Championship for the 8th consecutive year. Our excellence in academics, arts, and sports deserves heartfelt applause. Let us stay inspired and aim for even greater heights together.

EDITORIAL

What a season of milestones it has been for Christ College!

From a ₹9.5 crore Khelo India grant to being crowned the most biodiverse campus in Kerala, we've seen achievements that speak of vision, effort, and grace. Our students made us proud with internships in Qatar, Dubai, and the UAE, while the Placement Cell opened doors to top firms like Deloitte and TCS.

We didn't just stop at academics—our vibrant young talents once again won the D-Zone Arts Festival, adding colour and creativity to our crown. We won the University Championship in sports, again. And with new international MoUs signed, Christ College is stepping boldly onto the global stage.

This issue of *Imprints* is a quiet celebration of all that we are becoming.

The Department saw active student participation and notable achievements over the past few months. Final year PG students attended the Salim Ali Memorial Lecture at COSTFORD, while second year UG students joined a three-day Nature Camp at Pampadum Shola National Park, Idukki.

A PG team led by Fr. Dr. Jijo Thattil secured second prize for paper presentation at Little Flower College, Guruvayur. Mr. Sibi K. K., CATE Lab research scholar, won the Best Presentation Award at an international conference at MES Keveeyam College, Valanchery.

Final year UG students visited CMFRI, Mangala Vanam, and local hatcheries in Kochi as part of their elective, while FYUGP students went on a field visit to Kuthiran forest, KAU, and Thrissur Zoo.

The Alumni Meet was held on March 8, and four PhD scholars successfully defended their theses during this period.

Special congratulations to Ms. Akhila, final year PG student, for receiving the National Scholarship for PG Studies, and to Akshay K. A., MSc Zoology, for winning the CUBE research grant. The department also bid a warm farewell to Mr. Shabu, our long-serving lab assistant.

DUBAI
INTERNSHIPS

A Bartending Workshop was conducted in February. The resource persons were Mr. Binoy Augustine -Wine Sommelier Princes Cruise line and Mr. Aby Francis- Bar Captain Ritz Calton Dubai.

The department also organised a food fest named CASSAVA for all the students and faculty of the college in January.

Students were sent to Madinat Jumeirah Hotels, Dubai for their internship. The visa issuance ceremony was done in January

VISA ISSUANCE CEREMONY

CASSAVA

BARTENDING WORKSHOP

The department organized an Alumni Talk Series on 17-01-25 at the Botany Lab. The first session of the talk was delivered by Dr. Vishnu Mohan, Assistant Professor, Department of Botany, SNGS College, Pattambi. His presentation, titled "Idukki Flora to Indian Nymphoides – A Research Voyage", provided valuable insights into the diverse plant species of Idukki and their significance in botanical research. The second session featured by Ms. Silpa K.G, a Research Scholar from the Department of Biochemistry, Amala Cancer Research Centre, Thrissur. She presented the topic "A Knowledge-Seeking Adventure from Botany to Biochemistry". Her talk highlighted the interdisciplinary nature of research and how her academic journey transitioned from botany to biochemistry, emphasizing the importance of scientific exploration and innovation.

The Botany Association was inaugurated by Dr. Nimmy V. S., Associate professor, Vaidhyarathnam Ayurveda College, Ollur, Thrissur on 17 th January 2025. This was followed by her talk on "Bridging Botany and Ayurveda: Opportunities in Conservation, Cultivation, and Innovation."

BOTANY

UNAIDED

BOTANY

AIDED

As part of managing the invasive alien plants of the Campus, Biodiversity club and Department of Botany organised a programme to uproot alien invasive plants in the campus for three days – (7th, 10th and 17th February 2025). The uprooted plants were properly decomposed to restrict further spread.

The department organized a visit to the microbiology lab, College of Agriculture, Kerala Agricultural University, Vellanikara on 6th March 2025. The programme was coordinated by Dr. R. Soumya. Through the programme students got a hands-on experience on the various equipment used in the field of microbiology.

MATHEMATICS

AI-ED

The department organised a One-Day Seminar on “Funding Opportunities and AI Tools for Teaching and Research” in connection with National Science Day Celebrations in February. The event was supported by KSCSTE and DST, with an aim to enlighten faculty members, researchers, and postgraduate students on the availability of research funding and the integration of Artificial Intelligence tools in academics. The resource persons were Prof. Dr. Vinod Kumar P B, Research Professor, Muthoot Institute of Technology and Science, Kochi and J S Anantha Krishnan, AI Analyst and Trainer, Recipient of Prime Minister’s YUVA Fellowship, Sree Sankaracharya University of Sanskrit, Kalady.

District-level Painting Competition and Science Kit Making Competition were organized to promote scientific creativity and environmental awareness among school students in the Thrissur district.

The Postgraduate and Research Department of Mathematics successfully organized an Alumni Meet in March. The event witnessed enthusiastic participation from alumni across various batches, creating a vibrant atmosphere of nostalgia and camaraderie.

PHYSICS

Aided & Unaided

Both departments jointly organised an International Conference on Innovative Functional Materials in February, 2025. The resource persons were Dr. M.K Jayaraj, Emeritus Professor, Department of Physics, CUSAT, Dr. Aldrin Antony, Associate Professor, Department of Physics, CUSAT, Dr. S N Potty, Scientist E, Centre for Materials for Electronics Technology, (C-MET), Dr P.P. Pradyumnan, Senior Professor, University of Calicut, Dr. Thomas Tom, Postdoctoral Research Fellow, CNRS-IPVF, France and N. Rajeeesh Kumar, Research Associate, Center for Condensed Matter Sciences, National Taiwan University, Taiwan.

The prestigious Prof. P. I. Paul Memorial Outstanding Young Research Award 2024 was presented to Dr. Shabnam Iyyani Syam Sundar, Assistant Professor at IISER, Thiruvananthapuram.

Aided

Chemistry

A two-day International Conference on the theme 'Frontiers in Chemistry: Digital Transformation, Prebiotic Evolution, Therapeutic Innovation, and Bio-Nanomaterials' was conducted in February. The International Conference successfully met its objective of providing a platform for researchers to engage with current trends in chemical sciences, exchange ideas, and establish collaborative networks.

Atomia 25- an annual national level Chemistry fest was conducted in January. The fest has competitions like Science Quiz, Debate, Chem Fun Games

The Department of Chemistry launched Che'Luv (Chemistry with Love), a new line of high-quality cosmetics and detergents produced by students as part of the Certificate Course "Cosmetics and Sanitary Formulations: Production, Quality Control and Marketing."

Che'Luv products are priced 10–15% lower than market rates and offer superior quality. The range includes premium and ordinary toilet soaps, powder detergent, liquid detergent, handwash, dishwash, floor cleaner, and pain balm.

Scan to see the Reel of Che'Luv Project

DSychology

A Two Day International Conference 'Interpsyche Summit.2' was held in February. The resource persons were Dr. Elsie Oommen, Consultant Psychiatrist in Medical Trust Hospital, Aswathy Sreekanth- cine artist, Mathu Saji- journalist and Dr. Febin Baby- Criminologist, Indian Criminology and Forensic Science Association

An extension programme called 'Lifeskill Programme' was conducted to train and give awareness to the school students in Irinjalakuda locality, in January. Students from the department reached out to these schools to give classes to the students.

Unaided

BULOC B

The Department conducted IT Expo Phoenix'25 in January. The expo was an exciting platform to showcase innovation, creativity, and technological advancements, uniting students, professionals, and tech enthusiasts under one roof. This IoT Projects Expo explored the vast potential of the Internet of Things (IoT) in revolutionizing industries, enhancing efficiency, and addressing real-world challenges.

The Alumni Meet was in March.

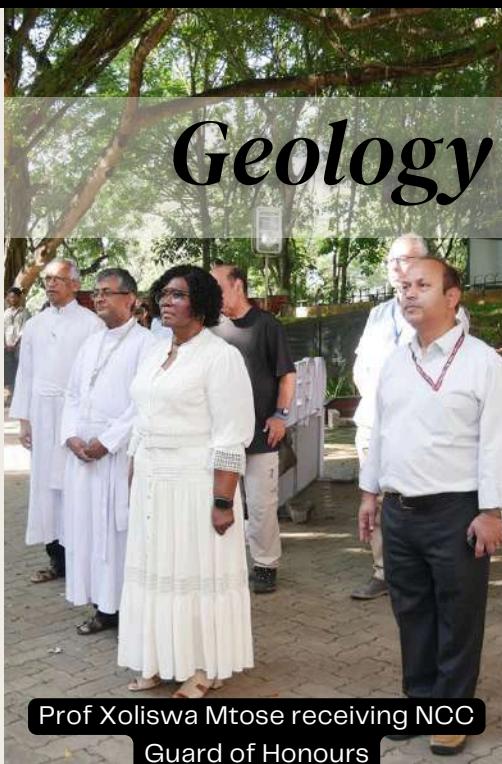

Two workshops were conducted, in April and May, on Data Visualisation and Mastery and Power BI and Dashboards.

In collaboration with IQAC and Enovex, the department started the Hybrid Summer Internship Programme in May

Geology & Environmental Science

The Department of Geology and Environmental Science hosted the 4th International Conference on Geology: Emerging Methods and Applications (GEM-2025) from January 28–30, 2025. The conference featured keynote addresses, oral and poster presentations, and interactive sessions. A Pre-Conference Workshop titled "Statistics, Data Analyses and Machine Learning in Geology using Python" was also held. Speakers are listed below

- **Prof. Dr. Julie Durcan – University of Oxford, UK**
- **Prof. Dr. David Thomas – University of Oxford, UK**
- **Prof. Dr. A. K. Singhvi – Physical Research Laboratory, Ahmedabad**
- **Prof. Dr. Sunil Kumar Singh – Director, National Institute of Oceanography, Goa**
- **Prof. Dr. Mahesh G. Thakkar – Director, Birbal Sahni Institute of Palaeosciences & Wadia Institute of Himalayan Geology**
- **Prof. Dr. N. V. Chalapathi Rao – Director, NCESS, Thiruvananthapuram**
- **Dr. Thamban Meloth – Director, National Centre for Polar and Ocean Research**
- **Prof. Xoliswa Mtose – Vice-Chancellor, University of Zululand, South Africa (Chief Guest)**

This year we have Dr Joel Roskin from the Department of Geology, at Bar Ilan University, Israel as our international visiting faculty.

The department also organised an international workshop on "Training the Trainers: Advancing Earth Science Education for the Next Generation" in January.

AIDED

COMMERCE

The Research & Postgraduate Department of Commerce organized many key academic events.

A Two Day International Conference on Marketing 5.0 was organised in January. The sessions featured expert talks on topics such as hyper-personalization, influencer marketing, and data-driven promotion management by speakers from institutions including IIM Kozhikode, St. Joseph's College, and Hellenic Open University. The Association-Cum-Merit Day was celebrated in March. Highlights included expert sessions by IIM Kozhikode faculty, a book release by Dr. Tom Jacob, and student recognitions for UGC-NET and Ph.D. admissions, reflecting the department's commitment to academic and professional excellence.

Best Paper Award for Ms. J.S. Bhagavathi

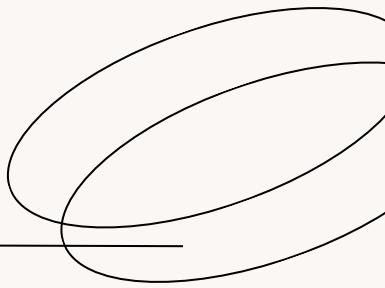

Ms J. S Bhagavathi, research scholar, was awarded the best paper in the International Conference on Shaping the Future: Management Trends and Insights 2025 organised by Dept Commerce and Management Studies, University of Calicut

Statistics

UNAIDED

An MoU for Research and Scientific Cooperation was signed between the Department and THE STRATEGIST (Data Analytics, Consulting and Training), Cochin in February.

Food Technology

UNAIDED

An expert talk on Competitive exam preparation & Job opportunities in food industry was conducted for Food Technology students in February. The purpose of the programme was to provide details about competitive exam for higher studies and Job opportunities in food Industry after completion of their course. Resource person was Mr. Shifarudheen P (Food safety & Quality Coordinator, Alshaya Group, Kuwait).

RESEARCH

TRIUMPHS

Dr. Sudhikumar A V

CATE LAB

The research team of CATE Lab (Centre for Animal Taxonomy and Ecology) of the Dept of Zoology made three notable spider discoveries from India. The orb-weaving spider *Leucauge rubromaculata* Benjamin, 2024 (family Tetragnathidae) is newly reported from the country. A new species of trapdoor spider, *Conothele mussoorie* sp. nov., has been described from the Himalayan foothills, marking the genus's first record in northern India. And, *Dendrolycosa robusta* (Thorell, 1895) has been reported for the first time from India. His book *Keralathile Chilanthikal* won the best book award by Sahyadri Natural History Society.

Dr. Bijoy C

SER LAB

Since November 2024, the Shadpada Entomology Research lab (SERL) of Zoology Department has published seven research papers, including significant faunal records. Key contributions include the first Indian record of the rare green lacewing *Glenochrysa zeylanica* and 15 new records to Kerala, comprising 2 cuckoo wasps (*Chrysis fuscipennis* and *Chrysis pubescens*), 1 leaf-cutter bee (*Megachile vera*), 9 sweat bees, and 3 picture-wing antlions (*Indopalpares pardus*, *Palpares contrarius*, and *Stenares harpyia*). These findings mark important additions to India's and Kerala's insect biodiversity.

Dr. Subin K Jose

AR LAB

The Aqua Research Lab of Dept. of Geology & Environmental Science made two discoveries. Two new dragonfly species have been discovered from the Western Ghats: *Merogomphus aryanadensis* sp. nov. from Kerala and *M. flavoreductus* sp. nov. from Maharashtra. Another research paper is about the final instar larva and exuvia of *Aethriamanta brevipennis* (Rambur, 1842), described from Thumboor Wetlands, Kerala.

RESEARCH TRIUMPHS

Dr. Abilash Peter
ET LAB

Lymantria kanara, a rare moth species belonging to the subfamily Lymantriinae of the family Erebidae, was first discovered in 1951 and is known to occur only in southern India. After a gap of 73 years, this elusive moth has been recorded for the first time from Kerala, specifically from the Siruvani forest region in Palakkad district, by researchers of Entomo Taxonomy Lab of Zoology Department.

Dr. Linto Alappatt
Dept. of Geology & Env Science

Dr. Alappat presented his research on MIS 3 Sea Level Changes from the coasts of South India at the 37th International Geological Congress (IGC) held in Busan, South Korea, in 2024. His participation was supported by the B.P. Radhakrishna Golden Jubilee Grant from the Geological Society of India and a Consultancy Grant from the Research Center of Earth and Environmental Sciences, Korea Basic Science Institute. Dr. Alappat also participated in the training workshop of Growth of Leadership in the Earth Science Education (GLESE) Program, 2025 organized by International Geoscience Education Organization in Portugal.

Dr. K.J Vargheese
Dept. of English

Dr. Vargheese has made significant contributions to the fields of Language Teaching and Education through numerous publications indexed in Scopus and the Web of Science. His research encompasses a diverse range of areas, including post-apocalyptic narratives, AI-driven approaches and multiple intelligences in collaborative learning, the integration of AI in ESP curriculum design, the role of English in healthcare communication, and assessment practices in English for Specific Purposes.

RESEARCH TRIUMPHS

Dr. Arun S
Dept. of Chemistry

Dr. Arun S.'s latest paper in *Results in Chemistry* introduces an eco-friendly method for synthesizing quinoline-triazole peptidomimetics. These novel compounds, created using multicomponent and Click Chemistry, showed promising inhibitory activity against CDK2—an enzyme linked to breast cancer progression.

Dr. Suresh K Govind
Dept. of Psychology

Dr. Suresh did a study which presents a critical and insightful examination of the increasing human-elephant conflict in Central Kerala, focusing on crop foraging behavior of wild Asian elephants (*Elephas maximus*) in the Thrissur district between 2009 and 2013. The research highlights a clear ecological and socio-economic pattern behind the conflict. The findings are published as "Patterns of Crop Foraging by Asian Elephants (*Elephas maximus*) in Central Kerala, India" in Springer in March.

Dr. Seena Varghese
Dept. of Mathematics

Dr. Seena's study delves into an advanced area of graph theory, focusing on a unique type of labeling called geodesic Leech labeling. The researcher investigated how numbers can be assigned to the edges of a graph so that the total weights of all shortest paths form a continuous sequence without gaps. The author demonstrated that infinite families of such graphs exist, while also proving that a simple 5-cycle (C_5) does not meet the criteria. The work not only expands theoretical understanding in the field but also opens up several new avenues for future research.

CHRIST INTERNSHIP CELL

UAE

A group of 50 students from Christ College successfully completed a one-month international internship in the UAE from April 24 to May 21. As part of the programme, students received hands-on training in 13 different companies, gaining valuable exposure to global work culture and skill development.

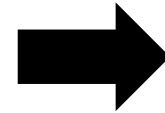

A notable highlight of the internship was MSc Mathematics student Nijinamol K, who secured a permanent placement during the training period itself. The initiative was led by College Director Rev. Dr. Wilson Tharayil CMI, with support from the management, internship committee, and mentor Shruthi Mohan

QATAR

Christ College successfully conducted an international internship programme in Qatar from April 25 to May 24, 2025, offering global exposure and hands-on industry experience to 32 students from various departments including Commerce, BBA, English, History, Botany, and Mathematics.

The students were placed in eight leading companies and two international schools in Qatar, where they gained practical training and insights into global workplace culture. The initiative was guided and facilitated by college leadership, especially Rev. Dr. Wilson Tharayil CMI and mentor Ms. Priya V.B, with extensive support from alumni and industry partners.

MALAYALAM

UNAIDED

The Association Day of the Department of Malayalam was celebrated in February 18. Senior reporter V.R. Sukumaran from Kerala Kaumudi delivered an engaging talk on "Regional Development and Journalism." The Dr. Sebastian Joseph Rachana Nipuni Award, instituted by Christ College for the best BA Malayalam thesis at the state level, was awarded to Ms Rosemary Jojo of Devamatha College, Kuravilangad.

Senior journalist M.P. Surendran, who presented the award, also spoke on "Today's Journalism", emphasizing the growing apathy towards the Malayalam language among Malayalis. As part of the open-ended module of the multidisciplinary course 'Cinema and Literature', a scriptwriting workshop was held in March 2025, led by noted teacher and scriptwriter P.K. Bharathan Master.

Spic Macay Club

An Odessey Lecture and Demonstration was held in February as part of SpicMacay club. Renowned Odyssey dancer Ms. Madhulita Mohapatra was the demonstrator.

First Year BBA students from the Department of Management Studies actively participated in the AICTE-MIC IDE Bootcamp held at Jai Bharath College, Ernakulam, from February 17-21, 2025. The camp provided hands-on experience in innovation and entrepreneurship with over 300 participants nationwide. Our students secured the Runners-up position in the Novator – Idea Pitching Contest.

They also emerged as Overall Champions at Novator 2024 held at Rajagiri College, Kochi, and Runners-up in the Hearthion Ideathon at Sacred Heart College, Thevara. Additionally, a visit to the Kerala Startup Mission (KSUM) offered valuable exposure to Kerala's startup ecosystem.

MANAGEMENT STUDIES

NSS

In January, volunteers took part in the Malinyamukta Nava Keralam rally and street-cleaning drives in partnership with Irinjalakuda Municipality. A proud moment was Harinandan P. A.'s national representation at the Viksit Bharat Young Leaders' Dialogue in New Delhi. The month also saw innovative outreach through a chess literacy program, the Biriyani Challenge fundraiser for the Sahapaadikoru Veedu housing project, and a free eye camp that benefitted over 100 people.

February focused on health and inclusion. NSS joined hands with ASHA workers and General Hospital Irinjalakuda for Ashwamedham, a door-to-door leprosy awareness campaign. A major highlight was the launch of Sravyam Phase II, an audiobook project for the visually challenged, inaugurated by Dr. P. Raveendran, Vice Chancellor of Calicut University.

In March, volunteers made their mark nationally as Harinandan P. A. and Lakshmi S. Kumar represented Kerala at the National Integration Camp at Berhampur University, Odisha. The SOVARA Women's Day celebrations spanned four days, featuring staff interactions, industry visits, and a motivational session by India's first licensed female deep-sea fisherwoman, Rekha Karthikeyan. The quarter concluded with the foundation stone laid for a new home under the Snehakoodu Project, inaugurated by Hon. Minister Dr. R. Bindu—a meaningful step from empathy to action.

ECONOMICS

Aided

SAINT CHAVARA MULTIMEDIA HALL

The Department of Economics successfully conducted a seminar on the theme "Salaried Work and Agri-Households" in December. In collaboration with the Centre for Public Policy Research (CPPR), the department organised a Certificate Course on 'Research Methodologies and Data Analysis in Public Policy'.

An MoU was signed between the department and CPPR, Kochi.

Social Work

The PG and Research Department of Social Work successfully organized ZRAVAS'25 – National Conference and Student's Meet, featuring a series of vibrant competitions that celebrated creativity, skill, and the core values of social work. Events included Street Play, Theme Dance on the topic "Breaking Barriers – Celebrate Ability", Mime, Best Social Worker, Project Proposal, and Extempore.

The faculty members Mr. Sajith N.S, Dr. Vincy Abraham, Dr. Ajeesh K.G and Ms. Rosemol Dany published their books. The final year students came out in flying colours in UGC NET exam.

The Department claimed its second Overall Championship at MERAKI, the National Conference and Students' Meet held on January 17-18, 2025, at Priyadarshini Arts and Science College, Malappuram. Competing under the theme "Mental Health Crisis and Suicide Prevention: Building Resilience and Providing Support," the students poured their passion and hard work into every performance.

HEADLINES & HIGHLIGHTS

IQAC

INTERNAL QUALITY ASSURANCE CELL

Christ College (Autonomous), Irinjalakuda, hosted a one-day IQAC Workshop on July 3, 2025, focusing on the theme "Internal Quality Assurance towards Excellence: Revisiting the NAAC Process." The event featured expert sessions led by Dr. Shashi Sharma, NAAC Consultant, and Dr. Sudha James, NAAC Peer Team Member, who offered practical insights into documentation, assessment, and innovation in higher education.

Fr. Theji K Thomas, Head of the Department of Malayalam, conducted workshops on AI Tools for Effective Teaching at various institutions across Karnataka, Tamil Nadu, and Kerala. As a Google Certified AI Trainer, he also led sessions for students on the Effective Use of AI for Learning.
