Suggestions from students

- Continue organizing workshops and seminars on personality development to build on the strong foundation already provided.
- Introduce more interdisciplinary and value-added courses to enrich the academic atmosphere.
- Expand the scope of the placement cell by inviting a diverse range of companies and industries for recruitment.
- Increase the use of digital platforms and technology in teaching to further modernize the learning experience.
- Promote research activities by providing additional resources and mentorship opportunities.
- Enhance sports and cultural facilities to encourage more student participation in extracurricular activities.
- Strengthen the alumni network to create better networking and guidance opportunities for students.
- Develop more eco-friendly initiatives, such as green campus drives and waste management systems, to enhance sustainability.
- Organize regular feedback sessions to ensure continuous improvement based on student suggestions.
