DISASTER RESILIENCE: REVITALIZING COMMUNITIES AS A SOCIAL WORK IMPERATIVE

NATIONAL CONFERENCE & STUDENTS' MEET

CHRIST COLLEGE (AUTONOMOUS)

Christ College was started in 1956, by the Devamatha Province of the Carmelites of Mary Immaculate (CMI), an indigenous religious congregation founded in 1831 by Saint Cyriac Elias. This college is a minority institution, affiliated to Calicut University and re-accredited by NAAC with highest grade 'A++'. Christ College is dedicated to Jesus Christ, and has as its motto "Jeevitha Prabha", which means "Light of Life". Following recommendation from state government, the college has been conferred the "Autonomous status" by University Grants Commission (UGC) during the year 2015, the Diamond Jubilee year of the college. Christ College is part of a century-old tradition of CMI education that is at its heart, Christian and specifically catholic. It offers an ideal vision of education that is aware of and responsive to the challenges of the nation's present situation.

CHRIST SCHOOL OF SOCIAL WORK

Christ school of Social Work was started in Christ College with Bachelors in Social Work in 2013 followed by Masters in Social Work in 2015. The main aim is to educate students for advanced social work practice and lifelong professional growth and development. The department provide the opportunity to train students to become critical, ethical and competent practitioners in fulfilling National and International requirements in the social work realm.

ZRAVAS

ZRAVAS in Sanskrit literally means "Loud Praise, Glory or Fame". Department of Social Work has proudly taken the initial step to conduct National Conference & Student's Meet in 2020. Twenty colleges contributed their active participation in the same year. Due to the COVID-19 pandemic the conference was not held in the year 2021. ZRAVAS 2K22 has arisen with a platform to congregate and allocate thoughts to foresee and implement ideas in the field of Criminal Justice. ZRAVAS provides moments for Social Workers to manifest their talents and academic background through seminar, students' meet and discussion.

DISASTER RESILIENCE : REVITALIZING COMMUNITIES AS A SOCIAL WORK IMPERATIVE

Nature has various manifestations both gentle as well as aggressive. We see how sometimes it is calm while the other times it becomes fierce. As humans cannot control everything, certain things of nature are out of our control. Similarly, when the disasters occur, humans cannot control them. However, we can prevent them from occurrence. Therefore we should think about how to effectively address this problem by adapting to the change and build a stable resilience against this problem.

Our conference aims to explore the various dimensions of post disaster problems caused by disaster and how to tackle the problems by building resilience to this rapid change. This conference also dive through the areas where we are less aware or not so often discussed and also the possibilities of the effective interventions from various fields such as NGOs, Government bodies and General public.

This National conference call for, practitioners, researchers and academicians from various disciplines to expand our knowledge about Disaster resilience and post disaster management in various dimensions which help us to create a better resilient and sustainable generation.
