## IQAC Initiative-3

**2020-21**

DSpace@CHRIST (Institutional e-repository) (<http://dspace.christci.in:8080/jspui/>)

### Introduction

Electronic repositories contribute to the growing network of open access scholarship and puts faculty and students in the mainstream of scholarly activities. Institutional repository of Christ College is the digital collection of the intellectual output of students, faculty, administrators and others who are members of the college. This initiative in association with Library was completed within a short time.

The open-source software DSpace was installed and configured in a dedicated server. The repository is divided to four key communities

- a) College
- b) Departments
- c) IQAC
- d) Library

## COLLEGE

Christ College (Autonomous),  
Irinjalakuda

## DEPARTMENTS

E - Repository of Departments

## IQAC

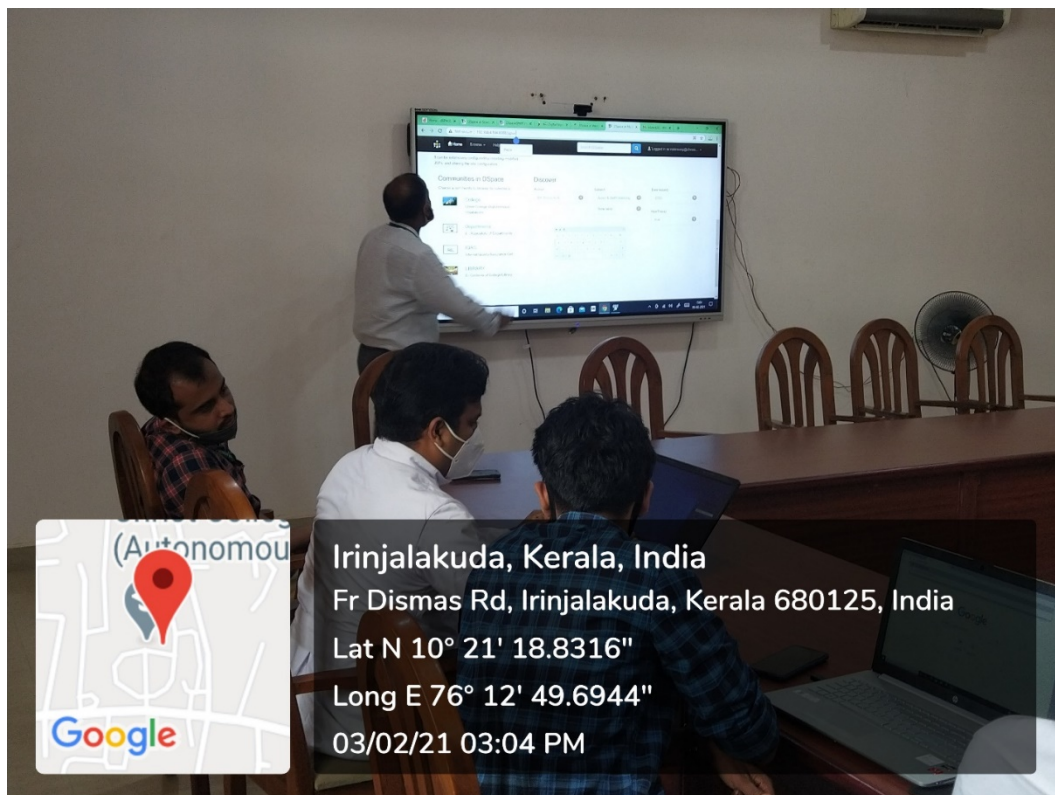

Internal Quality Assurance Cell

## LIBRARY

E- Contents of College Library

The decision to install e-repository from IQAC meeting triggered the activities. The fund for the installation of server was made available from UGC Autonomous grants. IQAC in association with Library formed a team 'Team dspace' which included teachers, library staff and IT system administrator. After installation of the server immediately a training program was conducted for the data entry team. It was decided to add the programs conducted by departments in e-repository.

## Team dspace

Fr. Sibi Francis (Librarian)

Mr. Linto George (Assistant Professor, Department of Computer Science)

Linett George (Assistant Professor, Department of Computer Science)

Merin Jose (Assistant Professor, Department of Computer Science)

Jomesh Jose (Assistant Professor, Department of Computer Science)

Praseedha N (Assistant Professor, Department of Computer Science)

Teenu Thomas (Assistant Professor, Department of Computer Science)

Sruthy Mohan (Assistant Professor, Department of Computer Science)

Abhijith s Menon (System Administrator)

Vinjo Vincent (Media Assistant)

Jijo Johnson (IQAC Assistant)

### Outcomes

The institutional repository has become the central point of documentation of the institution. The UG and PG project reports are deposited in the repository. The brochures, reports of department events newspaper clippings all are now a part of the repository.
