No suggestions at all. The entire admission procedures were well co-ordinated and organised . It was more Convenient for us.

No.The management is doing well all the admission and education related programmes

No

Good and smooth admission procedure.

No

Good online classes

While making WhatsApp group the teacher would have checked whether the student have whatsapp or not they haven't confirmed and I came to know about the group in between what if I don't know about that I would have lost the admission

Nothing at all

Online payment went a little difficult for me. But my class tutor ajeesh sir gave me support, he was with me and all the students throughout the admission process. So happy to see such a supportive faculty team who always stands with students.

Super , Fantastic , Mind blowing

Admission process was pretty good and i feel no other difficulties

The whole admission process was good

It was good, no suggestions

Always good

Website requires updation

The admission process was smooth .I personally didn't felt any hindrance while getting my way into my favourite college.Thank you Christ college Management.

The allotment process need to be clear and unambiguous.

Helpline numbers, provided if any, must be answerable when contacted.

Keep regular contact with students and make them interactive to each other

## ONLINE ADMISSION PROCEDURE (2020 UG & PG ADMISSIONS)

Overall a good performance has been shown in all admission process.

Keep up the good work. Hoping we get to meet in person soon .

Excellent

Website requires updation

Instructions can be a bit more specific

College allotment process and the initiation programme I'm really enjoyed , then I'm waiting for other excellent programmes ... Thank you ðŸ˜Š

For your kind attention:

1. The online procedures from the "Vidyarambam" Onwards have been excellent.
2. Please avoid confusing questions like SSLC mark( as you know only grade is there, no marks or % in Kerala Syllabus) in forms.
2. Out of two contact numbers given for clearing queries, one was not picking the phone at all. Other one naturally will be busy always, hence unavailable.
3. Website updation can be improved please
4. Delayed admission process made candidates little bit panic and caused money loss because of joining in another college first.

We understand the constraints in working during the COVID-19 Pandemic scenario. Above are only the sincere feedback which may help all in future.

Thanking you,

Father of Student

I had joined for this course in management qota,now it changes to community merit,but till the money is not remitted If it's possible , you shall allow the students to pay the fee semesterwise by online. But the whole admission process was fantastic.

## ONLINE ADMISSION PROCEDURE (2020 UG & PG ADMISSIONS)

No suggestions. All admission procedures are very excellent

Improve in taking interviews

All of it is Excellent

Superb college...

Procedures are very excellent

splitting of students in batches should be equal

For students who are far away from college have difficulty in submission of original documents. Even if they are given options for sending them through registered post, there is a risk of the original documents being lost. So if there was an option given for such students for submitting such documents after actual class starts from college, it will be more helpful.

Online payment was a bit confusing and caused some errors in between
